CURFEW BELL MAY RING AT CLINTON

EFFORT TO KEEP CHILDREN OFF STREETS AT NIGHT

Marriage of Arch, Woodard and Katherine Hastings Interested Many Clinton Friends—Children's Day at the Congregational Church—New Station on Gardner Farm.

Clinton, June 15.—A curfew ordinance for Clinton is one of the most recent possibilities of the near future. Many an anxious parent is agitating the question, with a view of placing a much needed and wholesome restraint on the boys and girls of this village.

An event which has been anticipated for some time past, was the marriage of Arch Woodard, Jr., and Miss Katherine Hastings, which occurred in Rockford June 12, 1900. The young couple are spending their honeymoon at the lake. The groom is the eldest son of ex-banker A. Woodard, and is a young man of wealth and recognized business ability. The bride is the daughter of Mr. and Mrs. Ira Hastings of this village, and is a young lady who is very popular in the community. Mr. and Mrs. Woodard will reside at Allen Grove.

Children's day was appropriately observed at the Congregational church last Sabbath. In the morning the pastor, Rev. William Moore preached an interesting sermon from the text "Show Me a Penny." In the evening occurred the customary Sabbath school concert, which was listened to by a packed house. The church was beautifully decorated, and a fountain played during the exercises.

It is an almost certainty that the new station will be located on the Gardner farm in Bradford notwithstanding the statements of the "Banner" to the contrary. No other location has been considered at any time. The site of the depot will probably be staked out in two weeks.

The graduating exercises of the Clinton High school will occur at the Baptist church on Friday evening, June 15th. Hardin's harp orchestra will furnish the music. The class numbers four, namely Pearl Springer, Ethel Sopher, Belle Florida, Lillian Fessenden.

Bradford people have stepped into line and are very anxious to have a telephone line from here north to the new station. The line will no doubt be built this season.

Invitations are out for the High school alumni banquet which will be held in the Congregational church Monday evening, June 18th.

F. A. Wood and Mrs. Clara Wood were married Sunday evening, June 10th by Rev. T. J. Parsons. Both are residents of this village and well known. The firms of Watts Bros. and Wilkins and Hamilton are furnishing the railroad camp near Smithton with meat, vegetables and groceries.

With a well drill and thirty-five pounds of dynamite nearly fifty cords of stone were thrown out at a single blast in the quarry north of here last Friday. One hundred and twenty-six from here went to the Woodman picnic at Madison. The local camp lost about six dollars in pledging an attendance of 150.

Ish. Wheeler has the contract for furnishing the stone for the new bridge on the town line at Atton. He will haul a cord a day at one trip with two teams. Consideration, \$15 per cord.

F. C. Bradley has a brand new sprinkling cart and if Clinton streets become dusty this summer it will not be his fault.

Dr. and Mrs. Geo. Covert and Mr. and Mrs. C. P. Drake will leave for Philadelphia this week intending to visit other eastern cities before returning.

Chas. Northrop of Alexandria, S. D., son of Dexter Northrop, has been in Clinton lately after an absence of several years.

No more bicycle riding on the side walks will be allowed. The marshal has strict orders to arrest all transgressors.

Philo T. Barret and M. B. Inman left Monday for a trip to Mobile, Ala. Mrs. Nettie Earle Scott returned Saturday to her home in Chicago.

Mrs. Edith Scott is rendering professional assistance this week in an Emerald Grove family.

Miss Letta Baldwin visited friends here over Sunday.

Supt. David Thorne visited the schools here this week.

Mr. and Mrs. Robert Wheeler were here last Sunday.

There are young daughters at the home of E. H. Ransom and Charles Doubleday in Bradford.

CANADIAN CROOKS BEHIND THE BARS

FLYNN, FRANKLIN AND FITZGERALD IN MILWAUKEE JAIL.

Federal Authorities Have Them in Charge and They Will Be Tried Before Judge Seaman Next Fall—Berlin Post Office Robbery. Is Charged to Them.

Dad Flynn and Lefty Fitzgerald, two of the smooth safe blowers, postoffice burglars and railroad robbers who escaped with Toronto Jim from the United States court commissioner's office so cleverly several months ago while the office was filled with deputy marshals, police officers and postoffice inspectors, were quartered in the Milwaukee county jail last night. The Evening Wisconsin says that two of the railroad robbery suspects turned out to be the much-wanted desperadoes and the police and federal authorities in Chicago have waived their claims and turned them over to the federal authorities in this city in preference to the Galena authorities who are after the men for complicity in the Galena bank robbery.

Postal Inspector Bird has finally succeeded in inducing the federal authorities to allow the men to stand trial in Milwaukee first on a charge of robbing the postoffice at Berlin. It develops that indictments were returned by the grand jury at its recent session in Milwaukee against Flynn and Fitzgerald, together with Toronto Jim.

Many Indictments Returned. There are a number of indictments pending against the two and if they are convicted on all of the charges that the government has made against them they will probably spend the greater portion of the balance of their lives behind the bars.

Toronto Jim, the ringleader and the man most sought after, is supposed to have had a hand in the recent attempted railway robbery in Illinois, which led to the arrest of Flynn and Fitzgerald. He is considered one of the most dangerous men in his line of business in the country by the authorities.

The two men were brought before the commissioner in Chicago to answer to the indictments but waived examination upon the advice of Attorney Wade, who had been retained to defend them. Mr. Wade is well known in Milwaukee through his defense of the Byron post-office robbers. The indictment charges them with entering and robbing the Berlin postoffice during the night of September 28.

Made a Good Haul

The job was a clever one and the trio made a neat haul, securing a large quantity of postage stamps valued at from \$1200 to \$1500. They made their escape by stealing a team of horses and driving cross country to the nearest railway station.

The men are also wanted by the authorities in Madison for the robbery of the bank at Deerfield. They were first arrested at Prairie du Chien on a charge of robbing the Milton bank, but succeeded in securing a discharge at the hands of the commissioner in Janesville. It was then their attorneys advised them to make their escape which they succeeded in doing before the officers could arrest them on the other charges. The men will be tried before Judge Seaman during the October term of court. Until that time they will be entertained by Sheriff Durner.

SCHOOL FOR BLIND ALUMNI

Reunion Held at the Institution Yesterday Afternoon

The reunion of the Alumni association of the State School for the Blind was held yesterday afternoon in the school assembly room, President M. A. McGalloway presiding. Very interesting papers were read by Miss Davis and Chester Harburt, also letters from absent members.

The evening session was devoted to the discussion of practical questions pertaining to the blind and their chances for earning a living and proved very interesting and profitable.

The Alumni association in token of the appreciation and esteem felt for Miss Lizzie Curtis, who as matron and housekeeper did so much for their entertainment, presented her with a handsome clock, the presentation speech being made by Mr. Whitney in his usual pleasing manner.

THE COTTON INDUSTRY

Prof. George Ganton, in a recent lecture, presented some interesting arguments. His statements concerning the cotton industry, which are of especial interest to Janesville people, follow:

"There is no trust in the cotton industry, and there is no monopoly in it. Now what is the fact with the cotton industry today? In New York and New England during the last few years profits in the manufacture of cotton were practically nil. In the South there is a bonanza.

In the South they are making thirty, forty, sixty and some even seventy per cent. profits.

In Massachusetts they have been making about four to five per cent. Why do we have cotton cloth that a year ago was about two cents a yard, today quoted at three and three-eighths, nearly double? Are we to say that these manufacturers that are making sixty and seventy and eighty per cent. profits are putting up the price of cotton cloth. Not at all. The Southern people are getting the price that New England people are forced to have, just the same as the Standard Oil company is getting the price that the small refineries are forced to have, and Carnegie is getting the price that the small iron mines and mills are forced to have. Raw cotton has gone up since January, 1899 from 53 cents to 93 cents a pound, which accounts for almost all the rise in the price of the cotton cloth. In New England because the cotton has risen the manufacturers have been forced to push up the price of cotton cloth. The price New England can get of course the South can get in the New York market. They all send their goods to Worth street, and can all get the same price for the same quality.

"The bonanza profits that are being made in the South are not exploitations of the consumers. They do not make anybody pay more for their cloth than do the New England mills. Not at all. It is because they are at the bonanza end, where with cheaper labor and material, they are using the best methods, the best organization, the latest devices, and consequently are getting the maximum profits.

"If the South should put down its cotton cloth to a price where it would only yield five or six per cent. on the investment it would ruin every New England factory that is producing cotton cloth, just the same as the Standard Oil Company would ruin all the small refineries, and the Carnegie Company ruin small iron companies.

"I refer to these because they are only samples of the whole. The high prices are not due to the pressure of these who make the largest profits, but by the pressure of those who make the least profits. The Carnegie twenty-one millions and the Standard Oil Company's twenty per cent. are not extracted from the public either through lower wages or through additional prices, but they are the exceptional products of exceptional concerns, and whoever thinks that the public can be benefited by stopping profits makes the mistake of thinking that the public would be benefited by stopping the progress of industrial improvements."

Appleton Crescent, Dem.: The term "polywog" is a pleasant orthographical invention of the ever facetious Milwaukee Journal. Polywog, probably corrupted from periwig, is a tadpole, which later, if it has good luck becomes a frog. It is sometimes written "purwiggy," and some other times written "porwigle," and is occasionally written and pronounced, vulgarly "polliwog," out it has not been written "poly-wog" by anybody until the always and extremely facetious Journal so conceived and so wrote it. It is the only term that adequately describes a lot of populists, silver republicans and half-hearted democrats who seek leadership at any

cost and care nothing for the success or character of the party. The Journal thinks this is an "idea" and demands to know "What is the odds who advances the idea if the idea is right?" What is the odds indeed!

The Herald, the new daily paper published at Green Bay, is a clean appearing and newsy publication. It will be independent in politics—as long as it can—but like all "independent" papers must sooner or later enlist either on one side or the other. As to which side The Herald will take, deponent sayeth not, but in the meantime it has the appearance of being "worth the price."

An excellent choice was made when George D. Simpson was chosen as chairman of the Fourth of July executive committee. Mr. Simpson is a tireless worker, and will leave no stone unturned to make the celebration a great success.

Mayor Rose of Milwaukee, and Hon. Cornelius Buckley of Beloit, are both devotees of The Plug Hat, and both rule their respective roosts. Moral—Wear a Plug Hat if you would be a Democratic Boss.

A man is "independent" when he has opinions and is not afraid to express them. A newspaper, however, is "independent" when it has no opinions, or keeps them to itself. Thus is "English as she is spoke."

The "plutocratic money changers" occasionally get a good hard jolt, as is shown by the fact that a Nebraska banker recently paid \$13,000 for an alleged gold brick worth \$1.50 as old copper.

Constant Reader—We cannot tell you anything about the plans of the Rock County Democracy. Write Hon. Cornelius Buckley of Beloit.

"The Ohio Democrats" says a press dispatch "adopted a platform denouncing everything but Bryanism." Well put, wasn't it?

Push the Fourth of July celebration along.

Mr. Ryan, also, represents "the ruling race."

Great Salt Lake of Argentina.

In the province of Cordoba, Argentine Republic, is a great salt lake, which recently has been surveyed by an Argentine surveyor. The lake is fifty miles long from east to west and thirty-one miles wide at its broadest point. The average depth is from 12 to 16 feet. Some fish live in the lake but they are small and do not thrive well because of the extreme saltiness of the water, which is a 6 per cent solution. The shores of the lake and its 15 islands are thickly wooded with pine and quebracho. The lake is called Mar Chiquita, and the region about it is entirely uninhabited. Many wild animals abound there.

Fire Destroys Wisconsin Carriage Co. Plant Early This Morning.

INSURED ABOUT HALF

Good, Hard Work of Fire Department Prevents Spread of the Flames.

ORIGIN OF THE FIRE UNKNOWN

At an early hour this morning the plant of the Wisconsin Carriage Co. Company located on the north side of Wall street between Madison and Washington streets was totally destroyed by fire.

The loss was in the neighborhood of from twenty eight to thirty thousand dollars with an insurance of nineteen thousand, fifteen thousand five hundred of which was on the factory and one thousand five hundred on the warehouse which was not damaged.

The bulk of the insurance was carried by companies represented by Carter & Morse and was distributed as follows: \$13,500 on stock, \$3,000 on building and \$1,000 on machinery. There is also one or two small policies placed with outside agents, the exact amount of which the officers of the company were not able to give.

Alarm at Two O'Clock.

The alarm was turned in at 2 o'clock by a railroad switchman. When the fire department arrived the fire had already gained terrible headway and almost the entire building was a mass of flames, long tongues of which were shooting skyward and clouds of sparks threatened to ignite the neighboring warehouses and dwellings. On the arrival of the fire department it was seen that more pressure would be necessary in order that they might effectually combat the flames which threatened almost the entire neighborhood and a call for 125 pounds pressure was immediately sent in and maintained until fire out was struck at 4:45 o'clock.

Five leads of hose were laid, two from hydrant at corner of Wall and Madison streets, one from corner of Wall, Washington streets, one from corner of Bluff and Washington and one from corner of Pleasant and Madison. All of the available hose of the department was put in use being all that it carried on two hose carts and one hose wagon.

Good Work of Firemen.

That the fire department confined the fire to the one building seems almost miraculous. A light wind was blowing from the northeast, and the building being hemmed in on all sides, by frame dwellings and warehouses dry as tinder, and all the time spouting forth flames from a furnace fed by the most inflammable materials, such as oils, varnish, paint and dry buggy stock, made the task the most difficult the department has battled with in a long time.

Origin of Fire Unknown.

The origin of the fire is unknown but is supposed to have started in the north side of the varnish room near the elevator. Mr. Ed. Smith who lives near the factory and was one of the first to arrive on the scene stated that at the time all the fire seemed to be at that point but spread with exceeding rapidity to the elevator shaft forming a flue from the basement to the upper story. There was no fire in the building except a small one under the boiler located some distance from this point and it seems improbable that the fire should have spread from there to the varnish room without being discovered by some one.

At the time of the fire the company were carrying a large stock of manufactured goods. Some crated and ready for shipment and others ready for the finishing touches, besides large quantities of stock. The company had just received a shipment of five hundred sets of buggy wheels, and two invoices of broad cloth for trimming all of which is a total loss.

Forty-Two Hands Out of Work.

By this fire Janesville loses one of its leading enterprises; the loss falls on the general public in a way as well as on the individuals connected with the institution, and is one that we can ill afford to have happen. The gentlemen connected with the company have the sympathy of a host of friends at this time of heavy loss.

The fire also falls heavily on the forty-two hands employed by the company, as they are now out of employment at a season of the year when they might expect steady employment in this line of business.

The heavy safe of the company lies on its back in the basement, and is a sorry sight as it lies there covered with debris and blackened and scorched by the heat. After it was sufficiently cooled by a stream of water playing on it Mr. Wisner, the secretary of the company, tried the combination and found it in good working order, and without doubt there will be no trouble opening it when it is removed from the ruins.

Several Narrow Escapes.

The firemen had several narrow escapes during the progress of the fire. At one time a can of gasoline or turpentine exploded sending a spout of flame nearly across the street and causing considerable alarm for a few minutes.

The large brick chimney in the front of the building fell outward into the street narrowly missing a lead of hose and the three men handling it.

Add the gelatin stir constantly until it is all dissolved. Remove from the fire and stir in one teaspoonful of vanilla thoroughly and stand away to cool. Serve with a vanilla sauce.

of the Fire department at Schmidley's restaurant by Mr. Wm. Morris, president of the company.

Chief Spencer spent the most of the morning with part of the department tearing down the portions of the wall which were left standing and were in a dangerous condition.

Fire at Merrill's Tobacco Warehouse.

About the time fire was rung out at the Wisconsin Carriage Company's building word was brought the department that Merrill's tobacco warehouse situated on the south side of Pleasant street, west of the C. M. & St. P. R. R. tracks was on fire. A lead of hose was immediately sent to the place and the fire was extinguished after it had burned a hole about four feet square in the roof. This was a narrow escape from another serious fire the building being stored with tobacco packed during the past season. Fortunately it was discovered in time to prevent its doing any serious damage. It is supposed to have caught from a spark from the Carriage company fire as the wind was from that direction.

ST. LOUIS RIDES BY DAY.

Street Cars Well Patronized Except Those Run at Night.

ONLY OCCASIONAL ATTACKS.

Charles Hoot Was Killed—He Had Been Discharged from the Posse Comitat for Sympathizing with the Strikers and Refusing to Fire Upon the Rioters.

St. Louis, Mo., June 15.—Occasional attacks on the cars and patrons of the Transit company continued, but the eagerness to consider the backbone of the strike broken is patent on every face. Cars which ran over the line at night carried few passengers, but during daylight many cars were packed to the footboards. On the downtown loops the old familiar ring of the fare register for the first time in many weeks told a continuous story of the public's returning confidence in the safety of the cars. The Fourth street line, Laclede avenue and Olive street lines were well patronized. These circuits pass through the west end, one of the finest residence sections in the city. As to the north and south divisions, there is still an aversion to trusting personal safety to the crowds who are likely to deal harshly with the stray passengers.

Dr. E. W. Saunders of 1635 South Grand avenue wrote a letter to Gov. Stephens inviting him to join him in a street car ride on any of the St. Louis lines involved in the strike. The governor replied avoiding the specific invitation.

A Mound City car caught fire in the heart of the business district, but so great is the enmity to all Transit company interests that the saloonkeepers along the street refused the employees water to extinguish the flames. The fire department had to be summoned, and by that time the car was a wreck.

William T. Hayden, a switchman living at 215 East Sherman street, shot and killed his neighbor, Charles Hoot. Hayden was discharged from the posse for sympathizing with the strikers and refusing to fire on rioters. He became involved in a quarrel with Hoot about the strike, and the killing ensued. Hayden, when arrested, declared the shooting was accidental.

Samuel Gompers, president of the American Federation of Labor, has arrived to inquire into the strike situation.

Remarries Man Who Shot Her.

Edwardsville, Ill., June 15.—With her left arm in a sling and weak from pistol wounds inflicted by the man whose hand she held in hers, Mrs. J. E. Schlott stood before Judge William P. Early in the Circuit court here and again plighted her troth to J. L. Bassett of Vandalia, from whom she had been divorced scarcely a year before. About a year ago Mrs. Bassett lived with her parents, Mr. and Mrs. Katovas, about four miles from Vandalia. She met Bassett, fell in love and they were married. Later she obtained a divorce. Within a couple of months she was married to J. E. Schlott of St. Elmo, who was many years her senior. She got a divorce. May 8 Bassett came to Collinsville and shot her. She got him out of jail, paid his fine and remarried him.

Kills His Adopted Daughter.

Louisville, Ky., June 15.—Moved by strange jealousy of an adopted daughter, Thomas Bach, 50 years old, shot and killed Mollie Bach, 18 years old, because she was secretly married four weeks ago to Newt Thorne. The tragedy occurred at the Bach farm, eleven miles from Louisville. Mollie Bach was adopted twelve years ago by the Bach family, and given their name. Thomas Bach, although he is a married man, was intensely jealous of the young woman, and he had told her, it is said, that he would kill her if she ever got married. Bach shot her three times in the back, once in the left side and again in the temple. With the last bullet to the pistol he shot himself near the heart. Both were dead before a physician could reach them.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night for fifty times its price.—G. H. Wilson, Liveryman, Burgetstown, Washington Co., Pa. This remedy is for sale at Smith's Pharmacy, Kodak agents, next P. O.

Murder Convict Is Paroled.

La Porte, Ind., June 15.—John Sage, who had served seventeen years of a life sentence at the northern Indiana prison, has been paroled because the board of pardons became convinced that he is innocent. Sage was convicted upon the evidence of his wife, who said he was implicated in the drowning of her son. At the time Mrs. Sage heard her husband intended to make application for a divorce and then gave testimony against him, though previously she had maintained he was innocent.

New Orleans, La., June 15.—News was received here that President Iglesias of Costa Rica had sent to congress a decree making legal the circulation in that country of the money of the United States; also the gold coin of England, France and Germany. As a consequence the value of Costa Rican money improved here Thursday 110 points from 330 to 220 discount. The Costa Rican congress is now engaged in forming a national banking law which will conform to the new gold basis system.

Fight for Hand of a Belle.

St. Joseph, Mich., June 15.—All for the love of a leading society belle of this city James Warren and George Ridenour of Indianapolis fought eight bloody rounds at the St. Joseph Athletic association rooms. At the end of the eighth round both men tired, and the referee declared the bout a draw, amid wild cheers. Upon retiring from the ring the principals shook hands and decided to discontinue meeting the belle, as agreed in case the mill was declared a draw.

BOERS STILL AGGRESSIVE

Along the Whole Length of Senekal-Ficksburg Line.

BRITISH GUNS OPENED FIRE

On the Burghers, Who Retreated—President Steyn at Wit Kop with Main Langer—Krazer Making Paper Money—Spring Forming New Ministry.

London, June 15.—A dispatch to the Telegraph from Scheepers' Nek, dated June 13, says that the Boers are aggressive along the whole length of the Senekal-Ficksburg line. A strong force mannaed Ficksburg Wednesday and the British outposts under General Rundle retired to the village. The British guns then opened fire on the burghers, who retreated. The Boers are also active to the westward of Senekal. President Steyn is at Wit Kop with the main langer. His presence doubtless accounts for the activity of the burghers.

Krazer Issues Paper Money.

According to Lourenco Marques reports, President Kruger, who is still at Machadodorp, keeps an engine with steam up attached to his train ready to run away at any moment. He has established a printing plant on the train and is making paper money. There is talk among the Boer agents at Lourenco Marques of negotiations looking for peace having been reopened. Wolmarans, a cousin of the peace delegate now in the United States, has arrived at Lourenco Marques. He declares that he does not intend to take any further part in the fighting.

Spring Forming a New Ministry.

Cape Town, June 15.—Sir John Gordon Sprigg, the former prime minister of Cape Colony, has been in consultation all the morning with W. P. Schreiner, the Dutch premier, who has just resigned. Sir John has been requested by Governor Sir Alfred Milner to form a new ministry.

It has been rumored for several days that Sir John Gordon Sprigg and Mr. Schreiner would probably form a coalition ministry, which would deal with the trial of Cape rebels and other questions arising out of the war.

It is expected that J. Rose-Innes, the former leader of the British minority in the Cape parliament, and former Attorney-General Solomon will be members of the new cabinet.

GEN. BOTHA'S MEN RETIRE.

Evacuate Position to Occupy Higher Hill.

London, June 15.—The war office issues the following report from Lord Roberts under date of Pretoria, June 13, afternoon: "The enemy evacuated their strong position during the night and have retired to the eastward. Buller's force and mine have afforded each other mutual assistance. Our occupation of Pretoria caused numbers of Boers to withdraw from Laings Nek, and Buller's advance to Volksrust made them feel their rear would be shortly endangered."

Lord Roberts reports to the war office under date of Pretoria, June 13, 9:55 a. m., as follows: "Methuen advanced to Honingspruit and found all quiet. Kroonstad is strongly held. Methuen returned today to Rhenoster river, where the railway is being repaired. We were engaged all day with Botha's army. The enemy fought with considerable determination and held our cavalry on both flanks, but Ian Hamilton, assisted by the guards brigade of Poole-Carew's division, pushing forward, took the hill to his front, which caused the enemy to fall back on their second position to the eastward. This they are still holding. It is slightly higher than the one we have captured. The great extent of country which has to be covered under modern conditions of warfare renders progress very slow. Details of the casualties have not reached me, but I understand they are moderate in numbers. The only further casualties reported to date are two officers wounded."

General Buller reports to the war office as follows: "Headquarters at Laings Nek, June 14, morning.—General Lyttelton yesterday received the formal submission of the town and district of Wakkerstroom, which the enemy is believed to have completely evacuated."

Cape Town, June 15.—Sir Alfred Milner, governor of Cape Colony, has sent for Sir John Gordon Sprigg, who is trying to form a government.

He will remain at his country residence, Beauvoir, with Mrs. Dewey until June 25, when he will go to Newport.

Second and Last Auction Sale of Forest Park Lots! Thursday, June 21, at 2:00 P. M.

FREE TICKETS

from Grand Hotel, People's Drug Store and Myers House to the Eastern end of the Forest Park line and return will be given to all who desire to visit Forest Park, from Saturday noon, June 16th, to 4:00 p. m., Thursday, June 21st.

At our May 19 Auction Sale we disposed of twenty-nine lots at very low prices. Some of the buyers have since been offered an advance over the price they paid. Among the buyers were J. M. Bostwick, James Fathers, City Treasurer; W. J. McIntyre, late County Clerk; and Judge Fifield, of the Municipal Court; James McKewan and W. W. Watt. These men know what real estate in the Third Ward is worth and they bought as a speculation. We have twenty-four beautiful lots left and will close them out at auction on Thursday, June 21, at 2 o'clock P. M. They are described as follows, to-wit:

Lot 11, Block 1, Jefferson ave., is a very fine lot facing the east and is the third lot north of Norcross street.

Lot 6, Block 3, is on the east side of the boulevard, just north of and adjoining Mr. Witherell's fine residence.

Lot 4, Block 6, has the least value of any lot named in this list; it fronts Garfield ave., and is north of the Holdredge property; it is, however, a very pretty lot.

Lots 2, 3 and 4, Block 5, front west on Garfield ave., and are very fine lots; very near to the city. Across the ravine and east of Arthur Harris' elegant home.

Lots 1, 2, 3, 4 and 5, Block 10, are beautiful lots, 8 rods front; 10 to 12 rods deep, plenty of good oak trees; near the street car line and facing east on the boulevard.

Lots 1, 2, 3, 6, 7 and 8, sub-div. Block 2, are in the southerly part of the Park—three of them face Bostwick ave., and Grace Court and the other three face South on Racine street.

Lots 2, 3, 4, 5 and 6, sub-div. Block 1, are between Bostwick ave. on the east and the Blvd. on the west. They are 80 ft. wide, except lot 6, which is 4 rods wide on the Boulevard. They are from 165 ft. to 180 ft. long and have a front on Bostwick ave. of from 53 1/2 ft. to 66 ft. 3 inches on Bostwick ave., with plenty of good trees.

Two of these lots would make a real homestead, away from the noise and dust of the railroads and shops—a splendid place for children.

Lots 11 and 12 on Block 11 are south of Alderman Gilkey's homestead, and east of Wallace Carrier's fine lots. They are on the corner of Wells St. & Garfield ave.

These lots will be sold at the buyers' price, and will prove an excellent investment.

Each lot for sale has a red tag, giving number of lot. **Every Lot will be sold to the highest bidder** and there will be no "by bidding" whatever. There will never again be such an opportunity to procure first-class lots at such low prices.

TERMS: 5 per cent. discount for cash; or, 2-5 cash and 2-5 of purchase price in one year with interest at 6 per cent., and the remaining 1-5 in two years at 6 per cent. interest. Notes secured by mortgage.
